

World Water Week in Stockholm

28 August – 2 September, 2016

World Water Week in Stockholm is the annual focal point for the globe's water issues. It is organized by **SIWI** and **Stockholm Growth**. It is also the 20th jubilee of the Stockholm Junior Water Prize. In 2015, over 3,300 individuals and countries participated in the Week.

Experts, practitioners, decision-makers, business innovators and young professionals from a range of sectors will meet to exchange ideas, foster new thinking and develop solutions to the most pressing water-related challenges of the world. And that together, we can achieve a water wise world.
